QNCR Coordinators as of 5-6-13 for R8.pdf

Hey Mike,

I've forwarded the QNCR for quarter 2 of FY13 for your review. Colorado's QNCR is on pages 1-35. Please provide a response regarding any planned enforcement or other activity that will address the facilities in SNC for the quarter. There are quite a few for this quarter, and many of them are on there for DMR non-receipt, so it may be that they will fall off when the DMR data is entered. Whatever the case is let me know, and please remember that I do not need a response for facilities that are not in SNC. I'm happy to help if you need assistance understanding the report and sifting through the important data.

Thanks,
Natasha
